

DRESS YOUR BUILDINGS

In a new coat of paint.

Even considering the conservative value of paint as nothing, the improvement in appearance alone is worth more than the cost.

If your property is for sale you can't afford not to paint—it will add five to ten per cent to the selling value.

We have studied the paint question and we know what will give the most satisfaction for the expenditure, and are anxious to supply you with the latest grade of paints and painters' supplies, and insure full value for every cent of cost.

Miss Ida Hansen, daughter of Mayor and Mrs. Hansen, assisted by Susie Robbins, gave a dinner party last Sunday, the occasion being the celebration of Mrs. Hansen's birthday. The invited guests were Hon. and Mrs. Jos. Howell, Pres. Morrell, Mr. and Mrs. Louis T. Cannon of Salt Lake City, Mr. and Mrs. S. B. Mitton, Mamma and Maggie Morrell. All present were well entertained.

An unexpected and severe rain and hail storm visited Salt Lake city Tuesday afternoon. At about three o'clock a light cloud hung over the city, but the crowds on the street gave no thought to rain until two or three extraordinary thunder claps indicated that a storm was on hand. Torrents of rain followed the thunderclaps, and finally a heavy shower of hail. A number of horses standing untied ran away as a result of the thunderclaps.

Bargains in shirt waists L.K.F.

After an absence of thirty days, Hon. Aquilla Nebeker, with his wife, returned from the East Wednesday night. While away they visited the city of Chicago, besides other places in the states of Illinois and Iowa. While somewhat skeptical in biblical statements, since seeing some of the recent storms and floods in the east, Quil now believe it to be possible for the world to be flooded and the inhabitants drowned in forty days. He thinks there has been no exaggeration in the statements, having seen some portion of the disasters himself.

Considering the quality of goods we cannot be undersold. Examine our Wallpaper, it is the very best and cheapest in town. Cardon and Burnham.

The Murdock kandy kitchen has in use what no other firm in town has, and that is a filtering machine. All the water used in this establishment is filtered and is as pure as water can be made. The firm has also just put in a large number of porcelain cans for the storage of ice-cream, which will necessarily keep the same sweet and pure for months, providing it is kept frozen. However, it is the boast of this firm that no cream more than three days old was ever sold from the house. The syrups made by this firm are perfectly pure, being made under the personal supervision of Robert Murdock Jr., who has had five years' experience at this phase of the business. All in all the Murdock people are best prepared to give you the purest and best that is to be had in either soda water or ice cream.

Eye Specialist.

Dr. N. Newman, the European eye specialist, of Pocatello, Idaho, will be here at the Eagle Hotel June 24 and 25, and at Hyrum June 27, 28, and 29. Notice of Dissolution.

Notice is hereby given that John Spande and A. G. Lundstrom, doing business under the firm name of Spande Furniture Co., have by mutual consent dissolved partnership, and the same will take effect Aug. 1st, 1903. All parties indebted to said firm are requested to settle their accounts before Aug. 1st.

SPANDE FURNITURE CO.

Mr. John Welch Jr. of Paradise was in Logan Thursday.

Prof. G. L. Swendsen went to Salt Lake Wednesday morning to look after some of Uncle Sam's irrigation affairs.

The boards of trustees of the A. C. of U. met on Monday and transacted a lot of routine business. A musical department was established and Prof. J. A. Andersen of Salt Lake City selected as its head. Prof. Mitton and Fogleberg will still be connected with the institution. Bids for the erection of certain buildings were opened and all rejected. New bids will be asked for.

John Thompson of Clarkston and his devoted and congenial wife were in Logan on Wednesday. According to our idea John has made a mistake in his calling, for he is one of the best entertainers in the country. He with his wife have the faculty of making people feel at home and should run a hotel. Neither is John's entertainments confined to his domicile. We are reminded of an instance years back, when Peter Barsen, John Thompson and our W. N. Thomas were in Ogden together. Friend Peter in his wanderings through the town ran onto an unsophisticated individual who had some simple device, which was really a "wonder" to Peter, alias Sanko. "Why I never saw such a piece of ingenuity, I must get 'Pa' to come and see this." Peter disappeared for a few moments, returning with his "Pa" (Colonel John Thompson) who with hat off and head glaring like a locomotive headlight, was introduced with the proper deference due a parent. The "Pa" was more surprised than the son had been and owing to longer experience in life, he was enabled to see advantages in the device that the son had overlooked.

"Why it is a most wonderful invention" said "Pa" and insisted that grandpa should also see the piece of mechanism, when lo and behold our Wm. N. Thomas was brought forth as the sire of Colonel John and grand sire to Sanko. When inquiry as to their ages were made, the grandson was 38, the father 58 and the grandpa was 77, who of course "had married very young" but his family were long lived and held their ages well. They were all Mormons, and that was enough to dispel any doubt as to the truth of their statements, and also as to the family being prolific from one generation to another. These three jokers had as much fun out of the affair as they cared for, and then left the inventor in perfect ignorance of the truth in regard to themselves.

A Pleasant Surprise.

On last Wednesday evening Mrs. Chas. Pearson gave a very pleasant social fete at her home 3rd west st., in honor of Mrs. Ward Cramer. The guests arrived at Mr. Pearson's at 7:30 p.m. when Mr. Cramer suggested to Mrs. C., that they step over to Mr. Pearson's and spend the evening. The suggestion was acted upon and you can imagine Mrs. Cramer's surprise when she was ushered into the parlor to find twenty or thirty of her friends quietly awaiting her arrival. After looking about the room for a moment she remarked with some emphasis "I couldn't imagine why Mr. Cramer had put on his Sunday clothes on this particular evening just to call on his next door neighbor." After some hours spent in social amusements, Rev. Clifton on behalf of those present, presented to Mrs. Cramer a sterling silver, gold plated berry spoon as a token of their friendship and esteem. The guests were then conducted into the dining room where they partook of a most delicious strawberry supper, after which the company dispersed, all feeling that they had been royally entertained. Those present were: Rev. and Mrs. Clifton, Mr. and Mrs. Hogan, Mr. and Mrs. W. Carter, Mr. and Mrs. H. H. Carter, Mr. and Mrs. Wilkinson, Mr. and Mrs. Cramer, Mrs. South, Dr. and Mrs. Ackley, Dr. and Mrs. McCausland, Dr. and Mrs. Goodrich, Miss Walmer, Miss McCausland, Messrs. M. S. Owens, Chas. McCausland and Mr. and Mrs. Pearson, also a number of little folks.
